A law-suit of more than ordinary interest was tried in Justice Newbold's court, Monday. Mrs. Katie Kressig sued Ignatz Kressig for maliciously killing a watch dog owned by her and valued at \$50. The evidence tended to show that some three months before the killing the dog had run out into the road and barked at the defendant, who was on a wagon load of wood driving past the house of Andrew Kressig, and that while trying to hit the dog defendant fell off the wagon, injuring his shoulder and ribs. It also showed that the dog ran out at other parties. Defendant admitted that he was in no danger from the dog when he shot it, and that he shot it for what it had done three months before. The value of the dog, according to the testimony, ranged from nothing to \$60. A big crowd was present, and when the testimony was in the least humorous roared with laughter. The attorneys argued the matter with great earnestness. A. W. Johnson for plaintiff and C. C. Hammond for defendant, and then submitted it to the jury, which returned a verdict for defendant. The verdict created some surprise and the case may be appealed.

"Evil Dispositions Are Early Shown."

Just so evil in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by using Hood's Sarsaparilla. In older people, the aftermath of irregular living shows itself in bilious conditions, a heavy head, a foul mouth, a general bad feeling.

It is the blood, the impure blood, friends, which is the real cause. Purify that with Hood's Sarsaparilla and happiness will reign in your family.

Blood Poison—"I lived in a bed of fire for years owing to blood poisoning that followed small pox. It broke out all over my body, itching intensely. Tried doctors and hospitals in vain. I tried Hood's Sarsaparilla. It helped. I kept at it and was entirely cured. I could go on the housetops and shout about it." Mrs. J. T. Williams, Carbondale, Pa.

Scrofula Sores—"My baby at two months had scrofula sores on cheek and arm. Local applications and physicians' medicine did little or no good. Hood's Sarsaparilla cured him permanently. He is now four, with smooth fair skin." Mrs. S. S. Wooten, Farmington, Del.
